DESIGNING AND DELIVERING AN ACCREDITED FRENCH AND AMERICAN CURRICULUM.

We design and deliver an evolving bilingual curriculum accredited by multiple national and international organizations.

LIVING THE ISB WAY.

Differences in a student's ethnicity are reasons for celebration, not alienation; and daily achievement is measured not only by test scores, but also by a student's capacity to meaningfully relate to other citizens of the world.

ENGAGING EACH STUDENT, NO MATTER WHERE THEY COME FROM.

Our faculty is extraordinarily skilled in engaging each student, regardless of their native tongue, country, or educational background.

WELCOMING NEW FAMILIES INTO OUR COMMUNITY.

Our empathetic faculty, staff, and student body proactively collaborate to ensure that new families' transition into our classrooms and school culture is seamless, fun and relaxed.

TEACHING THE FRENCH AND INTERNATIONAL BACCALAUREATES.

Our faculty is specially qualified and trained to teach the rigorous French Baccalaureate and International Baccalaureate Diploma Programme.
